Fees for Adoption

Placement of Child with Special Needs

There is no cost to the adoptive parents who are interested in adopting a child with special needs. This includes assessments, medical fees, and police checks.

The legal work is done at Anglicare Sydney Adoption Services and submitted to the Supreme Court together with the Filing Fee (paid by Anglicare Sydney) for the Adoption Order.

After the Order is made, adoptive parents are able to apply to Birth Deaths and Marriages for a copy of their child's Birth Certificate.
